

OPPIDAN

AMERICAN BOTANICAL GIN

FOR THE MODERN TOWNSMAN.

Oppidan American Botanical Gin is a uniquely floral deviation from the standard London Dry Style gin. Works well in cocktails, neat, or on ice. Distilled as a combination of maceration and vapor infusion.

BOTANICAL BILL

For citrus we use freshly peeled pink grapefruit. Elderflower, hibiscus and chamomile give Oppidan American Botanical Gin a light floral nose balanced by the spice of fresh ginger, cardamom and cinnamon.
